

The Institution of Engineers (India)

Durgapur Local Centre

You all are cordially invited to attend

NATIONAL ENERGY CONSERVATION DAY 2023

Date: December 14, 2023 (Thursday) at: 07.00 pm,

Venue: IEI, Durgapur Local Centre

Our program will be graced by the esteemed presence of.....

Chief Guest

Sanjay Kumar

VP & Head

Essar Oil and Gas Exploration
and Production Limited

Guest of Honor

Dr. Chittatosh Bhattacharya

Dy. Director

National Power Training Institute Durgapur

Guest of Honor

Mr. Sudipto Pal

DGM Project

Durgapur Project Limited

Dr. C. Koner, FIE
Chairman, IEI, DLC

Dr. B Das, MIE
Honorary Secretary,
IEI, DLC

Objectives of Energy Conservation Day

- ❖ The foremost objective is to heighten public awareness about the critical significance of conserving energy resources. This entails educating individuals, businesses, and industries on the environmental consequences of excessive energy consumption.
- ❖ National Energy Conservation Day aims to promote energy-efficient practices and technologies across various sectors, including residential, industrial, and transportation. The focus is on encouraging the adoption of energy-efficient appliances, processes, and building designs to curtail energy usage.
- ❖ The day serves as a platform for advocating the utilization of renewable energy sources, such as solar, wind, and hydropower. It encourages individuals and organizations to explore and invest in clean and sustainable energy alternatives.
- ❖ A pivotal objective is the reduction of greenhouse gas emissions to combat climate change. By conserving energy and embracing eco-friendly practices, the day contributes to global efforts aimed at mitigating the consequences of climate change. 5. Energy conservation on National Energy Conservation Day translates to cost savings for individuals and businesses, fostering both financial prudence and sustainability by reducing energy bills through efficient measures
